

INNOVATE FOR FUTURE 2024

EMPOWERING YOUTH FOR SUSTAINABLE DEVELOPMENT

Innovate for Future Competition is an open competition of innovation & technology to inspire our young people in Hong Kong to create innovative products or services for solving and improving our real life challenges, through idea generation to prototype development. The competition may apply to local schools including secondary and tertiary in Hong Kong SAR. Students will pitch how to move human society forward with feasible innovation and products in our coaching process.

This competition is supported by our international partner, San Jose State University (SJSU) Silicon Valley Center for Global Studies (SVCGS). The final champion or winners will have opportunity to submit their projects to SJSU global program such as Silicon Valley Innovation Challenge (SVIC) Competition and Showcase.
